SOUTH KANARA COLLECTOR'S OFFICE 21 JUL 1954 No.

Sir,

In amplification of our application dated 8.7.54 on the same subject we beg to state the following:-

The G.O.Ms. 110 Revenue Department dated 18.1.54 granting a Takkavi loan of Rs.12,000/- (Rs.Twelve thousand) has made it a condition that we should obtain a permission from the Public Works Department for putting up a temporary mud dam across the Kandadka river in Ubaradka Mittoor village of Puttur Taluk. No doubt we have a permission from the Collector (Ref. No.2 cited above) which was granted on the recommendation of the Executive Engineer, P.W.D., South Kanara. But as the wording of the G.O. is 'permission of the P.W.D. must be obtained before the disbursement of the loan', we applied for the said permission to the Executive Engineer, P.W.D. South Kanara on 21.6.54. But we were directed by the Executive Engineer to address the application to the Secretary, P.W.D., Madras. As already we hold a permission granted by the Collector on the recommedation of the P.W.D. South Kanara and as no alteration in the conditions are prayed for and lastly as the matter is urgent, we request you that you may be pleased to grant the said permission on the same conditions as granted by the Collector.

Yours faithfully,
For FORREST FARMS LTD.,
Managing Director.

Petition No.P.20.54 dated 17-7-1954 from the Forest Farms Ltd., Kasargod.

It has been brought to the notice of Government that with reference to condition (iii) mentioned in the G.O. cited, the Executive Engineer, South Kanara Dt. insists on the party obtaining the permission of the Government in the P.W.D. for the construction of a dam across the Kandadka river, in Puttur taluk, South Kanara Dt. The C.E. (GL) is requested to inform the Executive Engineer, South Kanara Dn. that all orders issued by the Government are issued in consultation with the concerned Secretariat Departments, and that there is no point in local officers insisting upon a reference to particular Secretaries to Government after orders have issued from the Government. He may therefore be instructed to take further action on the case with reference to the Code rules, and the orders already issued.

The Company has stated that they applied for the said permission to the E.E., P W D, S. Kanara but that they were directed by him to address the Secy to Govt. P W D in the matter. It does not appear that the permission for the construction of the dam should issue from the Govt in the P.W. depth. In laying down as a condition in Govt No. 110 Rev dated 18-1-54 that the permission of the P.W.D. should be obtained, before the loan is disbursed, to raise a temporary dam across the river, it was apparently not the intention that the permission of the Govt in the P.W.D. should be obtained as the E.E., P.W.D., South Kanara seems to think. The P.H. Deptt. may be requested to instruct the E.E. to convey the application of the Co. for the permission and to pass orders.
